Title: SR 72 Summit Street & York Street Int. Impvts

Improvement Type: Intersection Improvement

State Route: 72

Municipality: North Cornwall (TWP)

Air Quality Status: Significant: Included in regional conformity analysis

Actual Construction Bid Date:

Estimated Construction Bid Date: 6/24/2027

Location: SR 72 at Summit Street and York Street Intersections
North Cornwall Township
Lebanon County

Project Description: This project may consist of Intersection Improvements on SR 72 at the Intersections of Summit Street and York Street in North Cornwall Township, Lebanon County. Improvements include Pedestrian Mobility, Signage, Line Striping Improvements and Traffic Signal Improvements. The projects upgraded signals will improve, enhance, and promote pedestrian and bicyclist usage. The project will replace outdated, energy deficient traffic control device technology, with more energy efficient traffic control device equipment. The projects upgraded and more energy efficient traffic control devices will allow for nearby signals in the corridor to be interconnected by using video detection instead of loop detection. As a result, improvements to traffic flow will be prevalent due to the improved traffic signal timing and coordination. Upgraded signals will improve and promote bike/ped usage. Upgraded energy efficient traffic control equipment will reduce carbon footprint. Improved signal timing and coordination will improve traffic flow.

Title: SR 117/Airport Rd Int Imp - MTF

Improvement Type: Intersection Improvement

State Route: 117

Municipality: South Londonderry (TWP)

Air Quality Status: Significant: Included in regional conformity analysis

Actual Construction Bid Date:

Estimated Construction Bid Date:

Location: Intersection of State Route 117 (Forge Road) and Airport Road in South Londonderry Township, Lebanon County

Project Description: This project may consist of a roundabout installation at the intersection of State Route 117 (Forge Road) and Airport Road in South Londonderry Township, Lebanon County.

The improvement of this intersection would help to significantly improve reduction of emissions created by increased traffic from growing residential development and special event traffic that utilizes the intersection to access the In the Net recreation area.

Title: SR 419/Cornwall Rd Int Imp

Improvement Type: Intersection Improvement

State Route: 419

Municipality: Cornwall (BORO)

Air Quality Status: Significant: Included in regional conformity analysis

Actual Construction Bid Date:

Estimated Construction Bid Date:

Location: Intersection of State Route 419 (Freeman Drive/Boyd Street) and State Route 2001 (Cornwall Road) in Cornwall borough, Lebanon County.

Project Description: This project may consist of a roundabout installation at the intersection of State Route 419 (Freeman Drive/Boyd Street) and State Route 2001 (Cornwall Road) in Cornwall borough, Lebanon County.

Improvements to these two intersections would help to improve operation and address some of the emerging safety issues created by stop and go movements of vehicles. This results in congestion that presently exists along with some driver confusion created by the current configuration, as it relates to turn movements through these intersections.
